

BUILD YOUR FUTURE WITH US!

PHD PROGRAM 2023 CALL

OPENING
MAY 15

DEADLINE
JUNE 30

RESOLUTION
JULY 31

If you study...

- Physics
- Chemistry
- Biology
- Materials Science

want to base your thesis on...

- Advanced Functional Materials

and are interested to work...

In scientific areas focused on creating a better life:

- Energy
- Environment
- Additive manufacturing
- Biomedicine

What do we offer you?

- 4 contracts to predoctoral students for the PhD thesis to be done at BCMaterials.
- Research training of excellence.
- Access to high-level laboratory facilities..
- A program of regular scientific seminars and colloquia.
