

<b>Call reference number</b>	(2025-20)
<b>Call name</b>	Laboratory assistant technician
<b>Application Deadline</b>	2025/05/28

#### Introduction and main description

Due to the upcoming expansion of new facilities at its headquarters in the UPV/EHU Science Park in Leioa, BCMaterials is seeking a motivated laboratory assistant technician with an official advanced technical qualification in clinical, biochemical, or chemical sciences to perform technical and administrative tasks in its various laboratories.

The candidate will report directly to the Laboratory Technician and the IT and Facilities Manager, but will collaborate with the rest of the center's administrative and scientific staff. The position is offered for a one-year term (extendable) with immediate start.

#### Skills and Requirements

We require a highly motivated individual eager to learn new laboratory techniques and procedures. They must hold one of the following qualifications:

Clinical and Biomedical Laboratory Technician, Analytical and Quality Control Laboratory Technician, Chemistry and Environmental Health Technician, or Industrial Chemistry.

They must be willing to work in a team and in a multinational environment.

- Experience in the biosciences field will be a plus.
- Training in materials science will be a plus.
- An advanced level of writing and speaking in English will be a plus.

#### Work Program / Duties / Responsibilities

- Support researchers in their work in the fields of materials science, biomedicine, and biotechnology.
- Work in collaboration with other technical staff.
- Supervise the stockpile and use of laboratory instruments and equipment.
- Maintain and calibrate equipment.
- Control the inventory of laboratory assets and related documentation.
- Provide basic laboratory training to new users, as well as specific training on instruments and facilities.
- Advise and train users on the techniques to be used.
- Control the stock and provision of laboratory substances and consumables.
- Monitor and inventory waste, as well as process its removal by authorized waste managers.
- Monitor compliance with established laboratory health and safety protocols.
- Control documentation, including Safety Data Sheets (SDS).

### Application Procedure

Apply by submitting a motivation letter and a CV (in English) using the "Contact" button at the corresponding offer, at the "Join Us" area on BCMaterials' portal (<https://www.bcmaterials.net/join-us>).  
Your name and email address will be required for further contact too.

### Other Relevant Information

We provide a highly stimulating environment with state-of-the-art infrastructures, and unique professional career development opportunities. We offer and promote a diverse and inclusive environment and welcomes applicants regardless of age, disability, gender, nationality, ethnicity, religion, sexual orientation or gender identity.
